

MUSIC SHARE

We believe in the power of music to connect people back to the power of themselves.

OUR MISSION

Provide an emotive music listening experience and alleviate symptoms of social isolation

WE PROVIDE SENIORS WITH:

- Music that is meaningful and memorable
- Accessible and individualized programming
- Entertainment in the comfort of their own home

IN-PERSON PROGRAM

1-TO-1 MUSIC LISTENING

Weekly one-to-one outdoor visits are scheduled and organized, connecting residents with trained Music Share facilitators

Facilitators create the music listening experience by providing music catered to residents' personal histories and backgrounds

Facilitators engage with residents at their pace as they listen to and talk about music treasured by the senior participants.

Each facilitator will be available weekly for 2 hours, of one-to-one time with residents

EQUIPMENT & TECH

Music Share provides all program materials including iPad(s) and wireless Bose speaker(s) for a clear, high quality music listening experience*

A unique Spotify account is created for your LTC community and the playlists are routinely maintained by Music Share for your chosen participants

Equipment comes with protective cases, and any and all damages to equipment are covered by Music Share

*refer to price list for equipment and tech options

"Music Share can improve quality of life for our residents, as well as any other seniors suffering from feelings of loneliness or isolation"

—St. George Community Care Centre

Paola Di

REMOTE PLAYLISTING

We create personalized playlists for residents based on participant responses to Music Share's Music Preference Questionnaire

Playlists are maintained and updated monthly by Music Share team

Participant playlists are available to residents at any time and can be downloaded to any device with Spotify

*refer to price list for playlisting options

MUSIC LISTENING AND OUTDOOR INTERACTION

The health benefits of music listening have been well documented and include improvements in memory and cognition, reductions in anxiety and improved mood and behaviour.

During these difficult times Music Share is striving to stay on the forefront of combining technology and care. Connecting residents with facilitators for outdoor visits is a safe and effective way to create new meaningful relationships and reduce loneliness and isolation.

Let us know if you have multilingual residents!
